SIR,

Subject - REVISION OF THE EXISTING SCALE OF PAY AND TO GRANT THE BENEFIT OF COLLECTION STAFF (REVENUE SECTION)

1557

With reference to correspondence ending with your letter No L 1153 dated 21-2-47 on the above subject, I have the honour to state that as originally resolved by the Municipal Council at their meeting held on 23-9-46 the question was to amalgamate the present Revenue staff with the Profession Tax Branch and to revise the scales of the then existed staff When this was sent up to Government with this office letter of even number dated 30-9-46, the same was returned with certain queries raised in your letter No L 4971 of 11-10-46

2 In the light of the above letter report was called for from the Revenue Officer The Revenue Officer has reported in his Nos MI PP 306/46-47 of 8-5-47 and MI PP 119/47 of 8-4-48 (copies enclosed for favour of reference) furnishing replies to the queries raised in your letter dated 11-10-46 and explaining the need for additional staff

3 In view of the revised proposals of the Revenue Officer and of the fact that the scales have been revised of the non-gazetted Employees from 1-1-47, the question of revision of scales and amalgamating profession tax Branch in the Permanent Collection Staff may be considered as having been dropped

4 The revised proposals of the Revenue Officer dated 8-5-48 for an additional staff of 4 Tax Inspectors, 2 Shanbhogs and 6 peons were placed before the Managing Committee in the 1st instance at their meeting held on 23-6-48 and the same was approved and therefore the Municipal Council on 28-6-48 approved of the opinion of the Managing Committee

5 Copies of the above resolution together with the proposition statement in duplicate involving an annual extra recurring expenditure of Rs 1317/- are enclosed herewith

6 - I request that sanction of Government may kindly be obtained to the resolution of the Municipal Council

Yours faithfully,

MUNICIPAL COMMISSIONER

Copy of report No M1 PR 119 of 1947-48 dated 8th April 1948 from the Revenue Officer, Bangalore City Municipality

---

Submitted to the Municipal Commissioner in continuation of this office memo No M1 Gl 3946/45-46 dated the 17th June 1946

The Revision of pay of the Municipal employees has been sanctioned by the Council and approved by the Government in their letter No L 13742/M1 104-47-14 dated 20-2-1948 According to this revision, the scales of pay given to the Collection staff of the Revenue Branch of the Municipality is better than the one already recommended by this office in memo No M1 G L 3946/45-46 dated 17th June 1946 Hence the proposal submitted in the above references may be dropped Now there is no necessity for the revision of the scales of pay of the Shanbhogues and Tax Inspectors There is every necessity for increasing the hands in view of the increased collection work on account of the several new Extensions of the City and the recent revision of taxes on buildings The demand including arrears which was about Rs 9,52,007/- before the las revision has increased to Rs 15,12,723/- after the General Revision Similarly the revenue under the Miscellaneous Taxes has also increased considerably

At present there are 6 Tax Inspectors and 24 Shanbhogues for the collection of Assessed and Miscellaneous Taxes, excluding Profession Tax It is impossible for these 6 Tax Inspectors to attend and turn out satisfactory work in the nine Divisions entrusted to them at present. It is necessary to place a Tax Inspector in charge of a Division so that he may attend to intensive collection work and as well to the execution of the warrants etc , conveniently

There are at present 24 Shanbhogues who are in charge of 27 Sub Divisions I, II, III, VI, VII, VIII and IX Divisions are the bigest Revenue Divisions and the present 20 Shanbhogues cannot cope up with the collections and other works in these seven Divisions and it is not possible to approach the parties once or twice a year in the Divisions in view of the large number of houses and heavy demand 12 more Shanbhogues are therefore required for the entire City and the number of houses and the demand which are now unequally distributed will be equally distributed among the existing and the new hands, so that they can attend to intensive work and improve the collections

Each of the Tax Inspectors will have to be given a peon to assist him in the execution of the warrants etc , There are 6 peons with the existing 6 Tax Inspectors and 4 more peons are required for the proposed Tax Inspectors In view of the above, 4 Tax Inspectors, 12 Shanbhogues and 4 Peons on the scales of pay recently sanctioned by Government may kindly be got sanctioned by the Council and approved by Government immediately and they be placed on duty atleast by the end of this month in the interest of collection work The extra cost involved on account of the increased staff is Rs 1,100/- per month and this will be met out of the General Funds The proposition statement is also enclosed for perusal and further needful action

Submitted to the Municipal Commissioner

1 As this is only a temporary allowance on account of high prices of food articles, it is likely that it may be terminated at any time It is not therefore included in the proposition statement

2 The required officals for collection work are the Shanbhogues and Tax Inspectors The City has been extended on all sides and the increase in the number of Shanbhogues and Tax Inspectors will facilitate intensive collection work and the collection work can be effectively improved There is no necessity for an additional Revenue Officer for collection work as this will not service the purpose required The Miscellaneous items of Revenue will have to be given over to the Market Superintendent, as already resolved by the Council and approved by the Government This will considerably reduce the work of the Revenue Officer and he will attend only to the collection of the assessed taxes As an experimental measure two Revenue Officers were posted for collection work before six years and there was no improvement in collection and one Revenue Officer was withdrawn No where in India, in big Cities, like Bombay, Madras and Calcutta etc , there are more than one Revenue Officer, but in all these Municipalities they have got a very good number of Bill Collectors and Tax Inspectors who have to attend to day to day collection workinstead of the Supervising Officer It is therefore, required that instead of an additional Officer, the proposed increase in the number of Shanbhogues and Tax Inspectors may kindly be got sanctioned immediately and put to work

3 The C A of Rs 7-8-0 has already been sanctioned to the Shanbhogues and Tax Inspectors, the same may be continued

4 Each Tax Inspector will be placed in charge of the division instead of two or more divisions as at present and will be made to work with 3 or 4 Shanbhogues as the case may be in the division This will decrease to a certain extent the heavy charge which he used to have hitherto and facilitate the intensive collection work

The Shanbhogue will attend to the regular current collection and also arrears which he can possible collect The Tax Inspector will attend to the collections of arrears particular, of long standing arrears by having recourse to distrain etc , He will supervise the work of the Shanbhogues under his control and assist the Shanghogues in all the matters The pay proposed is not liberal in view of the difficult work entrusted to them The work of the Shanbhogues and Tax Inspectors is the most difficult than the work of other staff in the Municipality The increase proposed is not very much The maximum pay of Shanbhogues has already been fixed at Rs 30/- in some case and Rs 35/- in some other cases in the existing scale The maximum in the proposed scale will be about Rs 5/- more with a running grade This is not very liveral as stated in the letter and the amount of pay proposed is very moderate

Under the circumstances an early reference may be made to the Government for the sanction of the additional Tax Inspectors and Shanbhogues with the proposed scales of pay in the interest of work

Sir,

Subject - REVISION OF THE EXISTING SCALE OF PAY AND INCREASING THE STRENGTH OF THE REVENUE SECTION OF THE MUNICIPALITY

With reference to your Letter No L 6913 dated 22-12-48 calling for certain particulars regarding the above subject, I have the honour to state as follows -

*	DESIGNATION	SCALE SANCTIONED UNDER REVISED SCHEME	FURTHER REVISION SANCTIONED BY THE COUNCIL, WHILE SENDING ALLOCATION STATEMENT
1	Tax Inspeetors	50-3-65/EB-3-80	50-3-80/EB-4-100
2	Shanbhogues	30-2-40/EB-2-50	40-2-60

(1) The scale of pay now sanctioned to the Tax Inspectors and the Shanbhogue is noted in the *margin

(2) The Professional Tax Staff requires to be continued separately in addition to the Revenue collection Staff in view of the fact that the latter has to attend to heavy collection work owing to expansion of the City in all directions

(3) The temporary establishment consisting of 2 Tax Inspectors, 4 Shanbhogues and 4 Process Servers which is being continued year by year, will have to be made permanent A separate proposal will be submitted in this behalf It is in addition to this temporary establishment, the proposal of the

the extra establishment is submitted for sanction.

(4) The additional staff as noted in the *margin has to be entertained on permanent basis to cope up with the increasing demand of the Municipality and to reduce the heavy arrears now accumulated for want of adequate staff Besides, the collections Staff has to be given equitable distribution of work, as proposed by the Revenue Officer in his report No. M I P R 119/47-48 dated 8-4-48 (copy enclosed) so that their work might be watched and further accumulation of arrears might be avoided By this procedure, frequent entertainment of temporary hands when arrears are accumulated may be avoided in future It may not be out of place to mention that the collection work is handicapped owing to extra work entrusted to the Collection Staff occasionally, such as, preparation of Electoral Rolls, to the Representative Assembly, Legislative Council and Municipal Elections etc., There are no reserve hands in the collection Department either to attend to extra work when necessary or to attend to the work of absentees whenever leave availed of.

Considering all these circumstances, it is very necessary that the additional Staff now proposed and merged in the allocation Statement requires to be entertained permanently I request you to kindly obtain sanction of Government to the Resolution of the Council dated 28-6-48 as already sought for
